

# WFIRST-AFTA SDT DE Splinter Meeting Summary

Plan for DE section of SDT final report (2015):

- Merge SDT 2014 Interim Report & SDT 2013 final report (Weinberg)
- Update forecasts (Hirata/Baltay/Wang)
- Add a wide survey alternative to maximize DE FoM to demonstrate the flexibility and capability of WFIRST
  - double the observing time and maximize the HLS survey area
  - What depths can we get to for 10,000 sq deg?
- Include comparison of Decadal and AFTA
- Writing assignments (same as for previous reports):
  - SNe: Baltay/Perlmutter
  - BAO/GRS: Weinberg/Wang
  - WL: Hirata/Rhodes
